In the name of Allah the Gracious the Merciful
Peace and Allah's mercy and blessings be on you

Thanks to Allah for your safety and your return from the travel

“And withhold yourself with those who call on their Lord morning and evening desiring His goodwill, and let not your eyes pass from them, desiring the beauties of this world's life; and do not follow him whose heart We have made unmindful to Our remembrance, and he follows his low desires and his case is one in which due bounds are exceeded.”

O the dear brother Rafiq

Already the selection of the building is done because it is a strategic location in the middle of the city a large tower seen by all already its construction was done 2007

And it consists of a commercial building it contains branches of the largest banks in the city and restaurants and hotels and but is made of the glass high top and the internal security is very high because the bank contains the enormous monies and information and but we will be in the lookout of it Allah willing I will enter the building and destroy it and exit from it safely and they will never have any idea about me because Allah willing I will use the disguise technique before the entering for the operation by altering the personal appearance Allah willing

The operation will be the success and but all this depends on what we possess so if I wanted to plant something in the inside ...and already the suitable place has been specified and but it must be strong in the impact and small in the size so that it shakes all that is around it and it devours it if you understood what I mean and as I said the building possesses internal and external monitoring and a high security system and but Allah willing I will pass it all if the desired substance was arranged because I do not know what your ability is until now to obtain advanced materials like this and it must be timed or uses high frequencies from a distance and we do not forget the location where the planting will be done in a place that has no telephone coverage or frequencies that is why I leave the suitable choice to you and there must be time for me between the entrance to the inside the planting the timing the exiting then the movement to my location with the dear brother Hussein and the period is approximately 15 to 25 minutes until the time of the detonation so that we can exit from the specified place because the security teams will be in an emergency state everywhere so we will have time until I get to the residence with the brother then I will head to the work directly so it will be my personal alibi and Allah willing that the operation is successful and it will be a shaking to the economy along with the ruined situation now that is why I leave the opinions to you now and but my beloved brother I truly do not possess the personal pictures that I used to possess for already so unfortunately already I discarded of all the information that I possess I must attempt the obtainment of other pictures and the

sending of them to you through the e-mail or by other ways

And but my dear brother it already became available for me a much bigger target than this target the largest of the American banks and number 1 in the city and also it is the largest building in the entire place and the tallest of them and [UI] the millions already I indeed searched for this target so that the economical strike will be strong and my beloved brother the first tower I already discovered that it has in it the families and some of the children that is why already I indeed am reluctant that there will be there innocent ones from the children and elderly that is why I do not want their souls to be a sin of mine that is why already I searched for the other target I will provide you with the details and the pictures for the two places and the decision is from you and by Allah I indeed prior to tonight I already saw a vision or a dream and Allah knows best and but you were right in the expression perhaps Allah made for us this a blessing in the delay for indeed the patience is beautiful thanks to Allah [UI] to give me [UI] and your advice of the best

"And We have not sent before you but men from (among) the people of the towns, to whom We sent revelations. Have they not then traveled in the land and seen what was the end of those before them? And certainly the abode of the hereafter is best for those who guard (against evil); do you not then understand? Until when the apostles despaired and the people became sure that they were indeed told a lie, Our help came to them and whom We pleased was delivered; and Our punishment is not averted from the guilty people."

Peace and Allah's mercy and blessings be on you

al-Ayyubi
